**Kategorie:** Oldtimer engine oil (Classic products)

**Artikelnummer:** 1118114

**Viscosity:** 40

**Specifications:** API SB

**Oil type:** Mineral

**Application:** Oldtimer

With their unique formulation, **RAVENOL Classic 1 Engine Oils** extend the service life of engines in older vehicles by offering protection against sludge formation and wear and tear. By minimizing friction, fuel consumption is also reduced.

**RAVENOL Oldtimer Classic SAE 40 API SB** is an alloyed single grade engine oil for use in classic vehicles with or without an oil filter. It is manufactured using carefully selected pure mineral raffinates. It provides oxidation stability, it is non-foaming and also has excellent viscosity-temperature characteristics. Thanks to its low setting point, this oil can be used in both low and high temperatures and guarantees perfect lubrication. It is suitable for use in most petrol engines / classic vehicles built before 1951. Using this oil in modern engines can lead to defective performance or cause damage.

## Application instructions

**RAVENOL Oldtimer Classic SAE 40 API SB** is designed for use in the engines of vehicles which were built prior to 1951, where the API specification SB is required. Adhere to oil change intervals specified in the manufacturer's instructions.
