

RAVENOL Premium waterless Wash & Wax

Kategorie: Car care products

Artikelnummer: 1360070

L | 1360070-500

RAVENOL Premium waterless Wash & Wax has been developed for manual cleaning of all types of road dirt and insect residues. The cleaner is ideal for use on the go, when there is no (or not much) water available for washing.

RAVENOL Premium waterless Wash & Wax leaves an intensive mirror-like shine on the cleaned surfaces and additionally seals the treated surfaces with its repellent effect. A thin protective film is formed which actively repels individual drops, larger quantities of water and dirt.

RAVENOL Premium waterless Wash & Wax is specially designed for the extensive material mix of modern automobiles and offers good cleaning and long-lasting weather protection on all surfaces in the automotive context.

Application instructions

RAVENOL Premium waterless Wash & Wax has to be shaken before use and is then sprayed on an small surface-section, left to react briefly and then wiped off with a lint-free cloth, e.g. from our RAVENOL Mikrofaser-tücher Autopflegeset (a microfiber cloths car care set). Make sure that the cloth is dry and free of other contaminants. It is recommended to divide the surfaces into smaller treated units. Suitable for all materials when used properly.

Note:

RAVENOL Premium waterless Wash & Wax should be stored in sealed containers in a dry and cool place. Do not use on hot surfaces or in direct sunlight and do not allow to dry. Protect from direct sunlight, heat and frost. Keep out of the reach of children. Wash hands thoroughly after use.

Characteristics

- special car paint protection layer
- weather-resistant sealant
- saves the use of water
- ideal for traveling
