

RAVENOL Nitro-Universal-Verdünnung

Kategorie: Car care products

Artikelnummer: 1360127

Application: Workshop equipment, Passenger car, Truck, Agricultural machinery, Industry, Hobby and garden

RAVENOL Nitro-Universal-Verdünnung is a high-quality solvent mixture with high proportions of genuine solvents and a wide range of effectiveness.

Application instructions

RAVENOL Nitro-Universal-Verdünnung is used for thinning nitro, nitro-combination, chlorinated rubber, air-drying and oven-drying synthetic resin lacquers, as well as air- and oven-drying Zapon lacquers. Dissolves neoprene glue and removes its residues. Removes colour and grease stains (caution with synthetic fibres). Glues polystyrene and acrylic glass.
