

# RAVENOL Türschloß-Enteiser

**Kategorie:** Winter

**Artikelnummer:** 1430203

**Application:** Oldtimer, Passenger car

**RAVENOL Türschloß Enteiser** is a very effective door lock de-icer with built-in rust and corrosion protection properties. **RAVENOL Türschloß Enteiser** quickly thaws frozen door locks, protects against new ice formation and thin lubricating film to free up stiff locks and for longer term corrosion protection.

## Application instructions

**RAVENOL Türschloß Enteiser** is available in a handy 50 ml bottle fitted with a narrow tip to easily introduce the product into the frozen door lock, where it quickly works to thaw out and free the mechanism. Effective for use in the car, in the home or wherever frozen locks occur, repeat the application once the lock has thawed and is working freely to provide longer term protection.
